

Program Participant Application (Pg 1 of 4)

Dear Applicant,

You have taken the first step toward becoming a Digital Connector. By completing this application, you are expressing your serious commitment to help others and to better yourself. If you are selected as a Digital Connector, you will join a national group of young leaders who are making a positive difference in the lives of others and opening doors to opportunity.

The Digital Connectors program is a unique opportunity for you and your peers to serve your community through technology and leadership. This is a national youth program, sponsored by One Economy Corporation, a leading non-profit that works to bring technology to low-income communities across the United States and around the globe.

Many youth from around the city will also apply for the program, so make sure that your application stands out among the very best. Please answer all questions completely. If you have any questions, please call or email the contact person on the application. We will not review incomplete applications.

Based on the applications we receive, a group of candidates will be chosen and invited to an interview. The interview will be your opportunity to shine and to tell us anything we might not have learned from your application. For some of you, the interview might also be your first real-world work experience. A panel of people will interview you, and you will want to arrive prepared, energized, and on time. From the interviews, we will select our finalists and announce the new team of Digital Connectors.

Good Luck!

PRIVACY NOTIFICATION STATEMENT

One Economy Corporation, Partners and Affiliate Partner maintain strict confidentiality and privacy practices to safeguard your personal information. By submitting an application you will provide personally identifiable information including, but not limited to your name, address, social security number, telephone number and student identification number. The information you provide will be used for the sole purpose of processing your application. If accepted into an internship program, your information will be used only for program related uses. **One Economy Corporation, Partners and Affiliate Partner** will restrict access to your information to only those who have a business reason to know your information, unless required by law.
