

COMMUNITY ALERTS:

NEW TECH CENTER

While Chatham has been in the spotlight lately with officials working to combat an increasing problem with crime, the new Chatham Tech Community Center offers a ray of hope through its brand new initiative that uses technology as a way to:

- (1) prepare young people for the future,
- (2) allow residents to access & learn about technology
- (3) provide workshops for small business owners on using technology for procurement.

The tech center will be located at the QBG Foundation Building located at 806 East 78th Street in Chicago.

CBA is very grateful to our partners Broadband of America, PNC Bank, and Illinois Department of Economic Opportunity [DCEO] for funding this initiative. We would like to thank our unique partnership with Best Buy and IIT. Watch for updates as posted in the Citizen Newspaper and via our website at www.CBAWorks.org for information on classes offered, Tech Center Schedule and Grand Opening date.

Chatham Cottage Grove Special Service Area (SSA)

Dear Business Owners/Representatives:

The Chatham Business Association (CBA) would like you to attend our business community meeting to learn more about our Special Service Area (SSA) plans for the Chatham Area Business District.

SSA OBJECTIVE

SSA's are business district community improvement programs designed to promote growth and stability in the Chatham Community Area.
